OFFICIALS TO SPEED UP THE DRAFT PROGRAM

Will Call Men More Rapidly to Meet Emergency in France

EXPECT 2,500,000 MEN IN THE SERVICE BY END OF THE YEAR

Government Hopes to Get 1,500,000 Men to France By January 1, Next

(Associated Press Telegram)
Washington, April 3.—Measures to speed up the draft program are in contemplation and an official announcement is expected soon.

The intention is to meet the emergency in France. For that reason the 800,000 to be called this year will be called more rapidly than was previously planned.

War department officials said no arrangements were in sight looking to calling out more than the 800,000 men it was planned to take into the service.

Reports that the draft would be raised from 800,000 men to 1,500,000 were denied.

Officials do not regard it as possible that more men will be sent abroad this year than the department already has arranged to summon, even with additional British shipping made available as troop transports. There are now under arms here and in Europe more than 1,500,000 American soldiers. The number will have been raised to about 2,500,000 by the end of the year.

EARNEST DESIRE FOR PEACE SAYS COUNT CZERNIN

(Associated Press Telegram)
London, April 3.—Count Czernin, the Austro-Hungarian foreign minister, in an address to the Vienna municipal council Tuesday declared that Premier Clemenceau of France had asked Austria-Hungary on what basis she would negotiate peace, according to a dispatch from the Hague to the Daily Mail.

Austria replied that the only obstacle to peace with France was Alsace-Lorraine and Premier Clemenceau said that it was impossible to negotiate on that basis.

"Some time before the western offensive began," Count Czernin said, "Premier Clemenceau addressed to me an inquiry whether and upon what basis I was prepared to negotiate. In agreement with Berlin I immediately replied that I was prepared to negotiate and that as far as France was concerned the only obstacle I could see in the way of peace was the French desire for Alsace-Lorraine. The reply from Paris was that it was impossible to negotiate on this basis. Thereupon there was no choice left."

"The colossal struggle in the west has already begun. Austro-Hungarian and German troops are fighting shoulder to shoulder as they fought in Russia, Serbia, Rumania and Italy. We are fighting together for the defense of Austria-Hungary and Germany. Come what may we will not sacrifice Germany's interest any more than she will leave us in the lurch. We are not fighting for imperialistic or envenomation aims for ourselves or for Germany."

The Austro-Hungarian foreign minister, according to an Austrian dispatch to the Daily Chronicle declared also that he had an earnest desire for peace and that his country wished to avoid any further military offensive. After referring to his reply to Premier Clemenceau regarding Alsace-Lorraine he said that Austria would insist on the status quo, adding:

"The aspirations of France and Italy are utopias which will be terribly disappointed."

Count Czernin declared that he did not believe that President Wilson in his recent address really desired to cause a separation between Vienna and Berlin, because the president knew that such a thing was impossible. The count added that President Wilson probably saw that Austria-Hungary was more favorable toward peace than Germany.

WOMEN OF THE UNDERWORLD TO PARADE STREETS

(Associated Press Telegram)
Toledo, April 3.—Mrs. Clara L. Moore, prominent social worker, announced today that she expects to lead a parade of two hundred women of the underworld through the business and finest residential section of the city April 2 or 30. By order of Mayor Schreiber, all the resorts of these women will be closed by the police May 1. Mrs. Moore asserts that business men and reformers to whom the women have applied for legitimate employment have repeated their appeals.

"Our only refuge is the river," is the inscription on the banners they will carry.

LENROOT IN LEAD OVER OPPONENTS

In the Wisconsin Senatorial Fight According to Returns

DAVIES MANAGERS WILL NOT CONCEDE DEFEAT

Berger, Socialist Candidate, Runs Thousands Behind

(Associated Press Telegram)
Milwaukee, Wis., April 3.—Irvine L. Lenroot, Republican, had a lead early today of 10,547 over Joseph E. Davies, Democrat, according to incomplete returns from 56 out of 71 counties representing more than one-half of the registered vote of Wisconsin in yesterday's special election for United States senator to succeed the late Paul Hastings. If the ratio is maintained the final count should give Lenroot a plurality between 12,000 and 15,000. Davies managers declined to concede Lenroot's election and said the soldier vote taken at the various camps might decide it. Victor L. Berger, Socialist, was 27,796 behind Davies, according to the latest figures.

Since the inception of the campaign every leader has insisted that the loyalty of the state was being judged by the nation. The socialist platform which opposed the president's policy of peace with victory offered refuge for the ballots of the disloyal element. Patriots accepted these votes as a test, and on that basis the state has apparently voted loyal by three to one.

In the contest between the wet and dry forces in Wisconsin in yesterday's election, the drys today appear to have made some headway in territory gained.

Nine cities and towns, including Superior, Ashland and Beloit, which were wet, voted dry. Three towns which were dry voted to become wet. Fourteen cities and towns which permitted the sale of liquor did not change and nine dry places remained so.

Unofficial returns from sixty-six out of the seventy-one counties in Wisconsin including seventeen counties with complete returns and all of Milwaukee county and city, except four precincts give:

Lenroot 128,000; Davies 120,286; Berger 37,096.

The Milwaukee, both city and county figures were:

Lenroot 15,442; Davies 29,997; Berger 31,907.

COUNCIL MEMBERS ARE INDICTED BY A SPECIAL JURY

Youngstown, April 3.—Youngstown may be without councilmanic legislation until the trials of seven councilmen, indicted on bribery charges by a special grand jury Tuesday are completed. Five members of council not involved in the alleged graft operations refused last night to sit with those indicted and a quorum is lacking consequently. Preliminary hearings for the seven have been set for Thursday morning at nine o'clock before Judge W. S. Anderson. It is indicated that the trials will be opened Monday morning.

Those indicted are William F. Mehl, William F. Davis, David Sherman, Daniel J. Morgan, Harry Hogue, Hugh W. Best and Frank P. Galvin. The indictments charge the solicitation of money from certain companies in connection with the awarding of franchises. Following their arrest last night each furnished bonds of \$5,000.

The members of council who refused to sit with those indicted are Gus A. Doeright, Thomas Woods, William G. Reese, David Welsh and Jerry Sullivan.

INDIANA JOINS PROCESSION OF THE BONE DRYS

Indianapolis, April 3.—Indiana became dry from border to border last night. The state-wide prohibition law, so written that intoxicating liquor may not be manufactured, sold, given away or shipped into the state except for medical and sacramental purposes, took effect at that hour.

Members of the Indiana Anti-Saloon League estimated that 3400 saloons in the state closed their doors. They estimated that 35 breweries in the state were affected, and possibly 12 to 15 distilleries. The amount of money the league members say that has been spent annually for intoxicating liquor in the state is \$25,000,000, which they say under the prohibition law will be "saved."

PLAN LIBERTY LOAN CAMPAIGN.
Toledo, O., April 3.—Nearly 500 bankers from 19 northwestern Ohio counties, assembled here today for a banquet and meeting tonight at which time the Liberty loan campaign in their counties will be planned.

ALLIED MACHINE GUNNERS INTRENCHED IN SHELL HOLES MOW DOWN THE MASSED TROOPS OF FOE

British machine gunners prepared to make the enemy's advances costly. The massed ranks of the enemy offer an excellent target for the British and French machine gunners. Snugly intrenched in shell craters the machine gun squads of the allies have been able to make the enemy's advances cost him thousands of lives daily.

6 KILLED AND MANY INJURED BY TORNADOES

(Associated Press Telegram)
St. Louis, April 3.—Six persons are known to be dead, scores were injured, and property damage totaling many thousands of dollars was done by tornadoes last night in Missouri, according to reports received here early today.

A tornado struck Hunterville and Gray Ridge, small towns in Stoddard county, in the southeastern part of the state, killing three persons—two of them at Hunterville and one at Gray Ridge. In both places many persons were injured, some severely, and property damage was extensive. Farmers living nearby reported barns and other outbuildings swept away.

At New Florence in Montgomery county, 85 miles west of here, two persons were killed, and at Mineola, also in Montgomery county, one person met death.

CANADIAN REPORT SAYS THEIR GUNS CUT HUN TRENCHES

(By the Canadian Press Ltd.)
Canadian Headquarters in the Field (via London), April 3.—Again this morning our guns, heavy and light, have smashed up the enemy trench, communications and assembly areas, our artillery co-operating with the infantry in 15 minutes of barrage fire, while our machine guns swept NoMan's land and the opposing trenches.

Our "stokes" and trench mortars added the weight of their fire to the program which gave the enemy further grim notice of our readiness to meet his offensive operations. All night long, to our guns maintained a slow fire on enemy areas, punctuated with harassing fire programs at intervals.

While both the enemy's weight of artillery and infantry concentration point to another attempt against Arras and Vimy ridge nothing more than patrol activity has characterized our front line save for one raid north of Acheville against an enemy post, and as a result of which we captured one prisoner.

BIG FIRE DISABLES POWER PLANT AND CITIES ARE DARK

(Associated Press Telegram)
Massillon, O., April 3.—A \$300,000 fire early this morning wrecked a portion of the plant of the Massillon Electric and Gas company, completely disabling the machinery. Massillon is without electric power today, many plants being thrown out of work. Several nearby towns supplied with power from here are also industrially idle and in darkness. The fire was caused by an explosion in the oiling system of the switchboard. In addition to industrial plants here being closed down and the town in darkness, Wooster, Dalton, Brewster, Canal Fulton, and Navarre, towns receiving power from the local plant, were similarly affected.

TORNADO SWEEPS THROUGH KENTUCKY

Clinton, Ky., April 3.—Two women killed, two children fatally injured, and damage estimated at \$100,000 resulted from a tornado which swept through Hickman county last night. Most of the damage was done in the rural districts where dozens of farm buildings were leveled. Some damage was done in this town, but the wind had practically blown itself out before reaching here. A path a mile long and a mile wide was devastated. It was reported.

The Dead—Mrs. Robert Jackson and Mrs. Laura Courtney. Fatally Injured—Two children of Mrs. Jackson.

ASK REDUCTION PRICE OF MILK

(Associated Press Telegram)
Toledo, April 3.—The Ohio Milk commission today urged reduction of the retail price of milk from 14 to 13 cents a quart here.

Distributors raised the price one cent several months ago, announcing they were paying record prices, in competition with condensing plants, for milk.

Shortage of tin cans and freight congestion have resulted in decreased material in the retail price. As a result, domestic consumers are curtailing milk consumption until farmers here have large surplus supplies to throw away or feed to the hogs, while record high retail prices prevail.

SEVERAL LARGE ILLINOIS CITIES VOTE OUT SALOON

(Associated Press Telegram)
Chicago, April 3.—Results of township, local option elections in Illinois yesterday showed gains for the anti-saloon forces, about 150 saloons being put out of business according to returns compiled today.

Two of the larger down state wet cities, Bloomington and Rock Island, voted out saloons. None of the larger dry towns voted to become wet, but Aurora and Alton decided to retain saloons. Only three dry townships were returned to the wet column and none contained a large town. The anti-liquor forces won thirteen wet strongholds.

Interest centered in the fights in Springfield, Bloomington and Rock Island. The liquor interests sought to carry that part of Springfield township outside the city which is dry, but were defeated.

OHIO GUARDSMEN IN BORDER SERVICE TO RECEIVE MEDALS

(Associated Press Telegram)
Columbus, April 3.—Samples of badges which will be awarded all Ohio National Guardsmen who saw Mexican border service are being received by Adjutant General Wood. It has practically been decided to give a bronze medallion a little larger than a half dollar, suspended by a red, white and blue ribbon from a bar of bronze, on which will be the name of the soldier. The medal will bear the state coat of arms and probably the wording "Mexican border service." and "presented by the state of Ohio." Eight thousand men who saw service in 1916 will get the medals. Many now are in France and others at Camp Sheridan, Montgomery, Ala.

AFTER HONOR FLAG IN LIBERTY LOAN

Washington, April 3.—Any community planning to be the first in the country to win the Liberty loan honor-flag by subscribing its full quota, will have to hurry the fulfillment next Saturday when the campaign opens. Reports to headquarters here today indicated that more than a score of small towns expect to raise their whole share of subscriptions early Saturday morning. At least one community plans on doubling its quota on Saturday and thereby win the honor-flag with one gold star.

SEC. BAKER ARRIVES IN ROME

Rome, Tuesday, April 2.—After his arrival from the Italian front today, Newton Baker, the American secretary of war, called upon Premier Orlando. Later, Secretary Baker visited General Zupelli, the minister of war, and discussed the military situation on his trip at length. Secretary Baker said he was greatly touched by the genial warmth of the welcome extended him in Italy.

EPIDEMIC OF INFLUENZA IS SWEEPING OHIO

(Associated Press Telegram)
Columbus, April 3.—An epidemic of influenza is sweeping Ohio. Hundreds of cases have been reported from Toledo, Springfield and Columbus, where it apparently is more serious than elsewhere.

The sickness is believed to be the same as that which developed in Detroit, causing several thousand workmen at a big manufacturing plant, making war materials, to quit work.

It has developed, according to penitentiary authorities, that several hundred prisoners who became suddenly ill, Friday, supposedly from poisoning, are merely "grip" patients. There were 109 cases Friday, and the first belief was that the men had been poisoned from eating jelly. More than 500 now are laid up with influenza. Reports from Springfield last night said more than 1000 workmen in factories there were laid up during last week.

MEDICAL BOARD TODAY REVOKES 2 CERTIFICATES

(Associated Press Telegram)
Columbus, April 3.—The state medical board today revoked the certificate of Dr. Robert A. Brown of Akron for alleged unprofessional conduct.

The board also revoked the certificate of Dr. J. J. Holden of Columbus, former mayor of Zanesville. He was convicted of performing an illegal operation and given a suspended penitentiary sentence.

BODY OF SAM'L BRIGGS FOUND ON FARM; HAD TAKEN HIS OWN LIFE

Dr. W. L. Jackson has just been called to the dairy farm owned by H. O. Cramer, four miles west of the town, where the body of Samuel Briggs was found.

The coroner was told that Briggs had hanged himself.

HAIR WAS CUT AND GERMANY HAS NOT WON THE WAR YET

(Associated Press Telegram)
Sulphur, Okla., April 3.—Because Rev. A. J. Capers, 72 years old, is alleged to have declared he would never have his hair cut until Germany emerged victorious from the war, sixty young men awaiting draft call, invaded Capers' room in a hotel here, while he was asleep, and shaved his head. His iron gray locks were distributed as trophies of war.

The minister was forced to kiss the flag, pledge allegiance to the United States, promise not to speak seditionously and was shown the shortest route out of town.

TREASURER OF R. R. ADMINISTRATION

(Associated Press Telegram)
Washington, April 3.—Angus D. McDonald of New York, vice president and Controller of the southern Pacific was appointed today by Director General McAdoo as treasurer for the railroad administration. He will have charge of the \$500,000,000 revolving fund and of financial transactions between individual companies and the railroad administration.

SHOW WHEAT IMPROVEMENT

(Associated Press Telegram)
Columbus, April 3.—A state crop report which will be issued by the department of agriculture tomorrow will show improvement in wheat condition, which would have been greater with more rain. It was said today.

CONTINUE TO REPULSE ATTACKS OF THE ENEMY ALONG BATTLE FRONT

BRITISH RETAKE TOWN OF AYETTE AFTER SUCCESSFUL OPERATION LAST NIGHT CAPTURING NUMBER OF PRISONERS AND LEAVING NUMBER GERMAN DEAD

ALLIES STILL STORMING GERMAN POSITIONS AND CAPTURE STRONG POINT NEAR HEBUTERNE

Preparations Continue For Renewal of Great Battle In Which Allied Reserves Will Participate and As Crisis Approaches Teutonic Nervousness is Noticeable—Notable Gains Made On French Lines and Enemy Repulsed In Attack South of Moreuil

(Associated Press Telegram)
London, April 3.—British troops after sharp fighting last night repulsed a determined attack by the Germans in the neighborhood of Fampoux, the war office announced today.

The town of Ayette—about eight miles southwest of Arras—is again in British possession, the statement announces.

"At dawn yesterday a determined attack made by a strong party of the enemy against our positions in the neighborhood of Fampoux was repulsed after sharp fighting. A number of German dead and a few prisoners were left in our hands."

"A successful local operation was undertaken by us last night in the neighborhood of Ayette which is now in our possession."

"Over 100 prisoners and three machine guns were captured by us," the official statement says. "We secured a few prisoners yesterday"

through the enterprise in the neighborhood of Serre, already reported. "There is nothing further to report from the battlefield."

"Lincolnshire troops raided the enemy's trenches northeast of Loos yesterday morning and captured 21 prisoners and a machine gun. Another successful raid in which was captured a few men was carried out by us last night northeast of Poelcappelle."

(Associated Press Telegram)
With the British Army in France, April 3.—The British last night stormed and captured a strong German point south of Hebuterne, which menaced the defending positions.

The recapture of Ayette, south of Arras, by the British is the most important news from the northern battlefield reported thus far today. The Ayette sector has been one of the German-contested zones. The Germans have sacrificed great numbers of troops in an effort to secure a firm hold here.

OUTPOSTS KEPT BUSY LAST NIGHT

(Compiled from A. P. Dispatches)
Local attacks on several parts of the battle front in northern France yesterday and last night kept both sides fairly busy in the outpost areas, while back of the lines the preparations went on for the renewal of the engagement on a vast scale to which the logic of the situation points.

Fortified by the news that the powerful allied reserve is as yet virtually intact, and by apparent evidences of Teutonic nervousness as the crisis approaches, entente opinion views the outlook hopefully.

The reports from the field show the allied lines as established after the first German push had spent its force, holding firm against newly launched tentative thrusts here and there, while at two or three points the Franco-British forces were able to push back the hostile line for short distances in operations to improve the tactical position.

This latter process resulted notably on the British side in the recapture of the town of Ayette—on the front below Arras—which the Germans a few days ago declared had been cleared of British forces and in attempting to hold which they had made heavy sacrifices. On the French side, the notable gain was on the northern side of the Montdidier salient, north of Plesmes, where the French position was appreciably extended. French troops repulsed a German attack south of Moreuil and the British drove off the Germans who assaulted near Fampoux, in the northern part of the battle area.

The speech delivered yesterday by Count Czernin, the Austro-Hungarian minister, in which he again took up the subject of peace, has already excited much comment. The address it is noted, comes at the moment when the great Teutonic drive on the western front, widely advertised to be a "peace offensive," has lost its impetus and been forced to halt before anything more definite than the occupation of a considerable amount of territory had been accomplished.

In Washington official circles the speech is regarded as a political maneuver timed to follow the breakdown of the Teutonic military offensive with the Austro-Hungarian minister acting as Germany's spokesman. It is declared that Teutonic suggestions that the time for peace discussions is near will find no favorable response in this country. Military operations are almost at a standstill on the more than sixty-mile front from Arras to Chauny, where it is an ominous calm. At any hour the storm of battle may break for two days, may again be quiet over the plain of Picardy.

Their great attack stemmed and their countless efforts to find a weak point in the allied line repulsed with heavy losses the German leaders probably are preparing for another plunge toward Amiens. Where the next stroke will come is uncertain, but the Albert-Montdidier section of the battle line may be selected, unless the Germans are convinced that it is impossible to look for victory on either side of the Somme, attempt to break through at

some other point on the line where, until now, it has been comparatively quiet.

The cessation of the German onslaughts is welcomed by the British and French, who are busy preparing for the next great effort after their victorious defense against the stupendous enemy drive. Both armies are confident that the German efforts to separate the British and French will continue to prove fruitless.

There is much significance in the announcement that the allied reserve army is still intact. This is the army of manoeuvre of which General Foch had immediate command and which it was thought might be needed in a counter offensive. Meanwhile, more than 100,000 American soldiers, eager for the fray, are marching forward to the front. It is announced that American aviation machines have been assisting the British armmen on the battle front.

Tuesday the Germans made no attacks either north or south of the Somme. Near Serre, north of Albert, the British carried out a small operation and captured an enemy post. It was thought might be needed in a counter offensive. Meanwhile, more than 100,000 American soldiers, eager for the fray, are marching forward to the front. It is announced that American aviation machines have been assisting the British armmen on the battle front.

Small attacks have been repulsed by the French in the Woivreux and in upper Alsace. In Flanders there has been only the usual artillery activity. German guns have been bombarding the American sector northwest of Toul heavily. Inclement weather is hindering operations on the Italian front and the artillery activity is slight.

GERMANS REPULSED BY FRENCH FIRE

(Associated Press Telegram)
Paris, April 3.—A German attack south of Moreuil last night was repulsed by the French fire and the enemy was unable to gain a footing in any part of the French positions, the war office announces, except at one point. The French also broke up a German attack near Rollot and gained ground north of Plesmes. The statement follows:

"On the front between the Somme and the Oise there was increasing activity on the part of the artillery on both sides. South of Moreuil the enemy made a spirited attack against the French positions between Rollot and Mailly-Rameval. It was repulsed by the French fire and the enemy was not able to gain a footing in the French defenses, except at a single point."

"A German effort north of Rollot was broken up by the French fire. Last night the French carried out a local operation on the slopes north of Plesmes. In the course of which our troops enlarged their position appreciably and took 60 prisoners. There is nothing to report from the remainder of the front."

"On March 31 and April 1, French aerial squadrons threw down 2000 kilograms (more than 13 tons) of projectiles on railways and communications at Ham, Chauny, Noron, etc. (Continued on Page 2, Col. 1.)

DEMOCRATS GAIN IN CHICAGO ELECTIONS FOR WARD ALDERMAN

(Associated Press Telegram)
Chicago, April 3.—Socialist candidates and those Republicans endorsed by Mayor William H. Thompson were defeated in every ward in which they appeared on the ticket at the aldermanic election yesterday. There were socialist candidates in 33 of the 35 wards, but in only six were there contests and in these the fights were waged by the socialist candidates on the "continuous and active opposition to the war," voiced in the national platform of the party adopted in St. Louis. One socialist member of the council was up for re-election, Wm. E. Rodriguez, of the 15th ward, and he was beaten by the votes of women. On the vote of the men alone Rodriguez won by 13, but the women gave Oscar H. Olsen, his Republican opponent whom the Democrats supported, a margin of 279 and the victory by 266.

In the total results the Republicans will have two less votes than in the old council, the socialists one less and the Democrats gain three votes.

John W. Rainey, Democrat, was elected to congress in the fourth district to fill a vacancy caused by the death of Charles Martin, Democrat. Rainey won by a margin of 5637 votes over his two opponents.

year counting drafted men, volunteers, and special technical forces to be enlisted.

If it is possible to get a total of 1,500,000 men to France by January 1, next, the best previous hopes of the war department will have been realized and there still will be a force of almost equal size in training here. The present effort is directed more towards getting the men to France early in the year to meet the emergencies than toward increasing the number to be sent during the year.

Many factors, it was said, enter into any proposal to increase the number of men under training here. They must be drawn largely from agriculture and industrial fields and the allies supply lines as well as the Americans are largely dependent upon American food and supplies.

ADVERTISING CLUB MAY BE FORMED

There will be a meeting of the merchants of the city Friday evening at 7:30 at the Chamber of Commerce rooms for the purpose of discussing an Advertising Club for the merchant bureau. Committees have already been appointed and they will be prepared to make their reports at the meeting. The committees have been in communication with the presidents of the clubs of other cities and through the efforts of Carl Hunt, president of the Indianapolis Advertising Club, Mr. Young, president of the Columbus club will be present at the meeting and he will speak on the organization of such a club and the advantages and value it will be to the merchants of the city.

APPEALS FROM DECISION.
Columbus, April 3.—The city of Cleveland appealed to the supreme court today from a court of appeals finding yesterday in which common pleas court was reversed in its decision to grant an injunction restraining the Cleveland Railway company from increasing its fare April 1.

The green servant girl can smash a whole set of crockery and never crack a smile.

IN THE SPRING

will be the great test of a life and death struggle on the Western front. In the everyday walks of life, it is the spring time that brings life. One of the chief reasons why the run-down man finds himself in a bad state of health in March or April, is because he has spent nearly all his hours for the past four or five months pined up within the walls of a house, factory or office. It is the reason for our diminished resistance—that is, lack of out-door life, coupled with perhaps over-eating, lack of good exercise, insufficient sleep, and consumption. In other words, we keep eating and burning with food but do not take out the "clinkers," and our fire does not burn brightly. Always keep the liver active.

There is nothing better for health than taking an occasional mild laxative, perhaps once a week, such as one as you can get at any drug store, made up of May-apple, jalap, aloes, (sugar-coated, tiny, easily taken), which has stood the test of fifty years of approval—namely, Dr. Pierce's Pleasant Pills. But for the "Spring Fever," the general run-down condition, the lack of ambition, the "blues," one should take a course of treatment every spring, such a standard tonic as Dr. King's New Discovery. This course, now to be had in tablet form in sixty-cent vials. Watch the people are plodding along the street. There's no spring, no vitality. A vitalizing tonic such as this vegetable extract of Dr. King's gives you the power to force yourself into action. The brain responds to the new blood in circulation, and thus you're ready to make a dash against stagnation which holds you in bondage. Try it now! Don't wait! To-day is the day to begin. Gain a little "pep," and laugh and live. Vain and vitality are the only ones that come in a flash. Try this spring tonic, and you'll find the courage that comes with good health.

AMERICAN TROOPS GIVEN RECEPTION

(Associated Press Telegram)
Somewhere in England, April 3.—American troops were given a civic reception at a historic center in England yesterday. The American flag flew over the town hall which dates back more than three centuries before Columbus discovered America.

Headed by a band the Americans marched through the streets crowded with cheering people. The mayor and other prominent citizens welcomed the soldiers and refreshments were served by a committee of women headed by the wife of the mayor.

WAR SAVINGS STAMPS

The Newark Lodge of Elks at their meeting last night unanimously voted to join the Licking County \$1,000 War Savings Society.

The April price of War Savings stamps is \$4.15. Two hundred stamps cost \$830 and the purchase of 200 entitles one to membership in the \$1,000 War Savings Society.

Supt. L. E. Brown of the Kirtlandville schools, was in town today and reported progress in the War Savings Stamp sales in Kirtlandville. Nearly 300 of the school children are now buying Thrift Stamps.

Supt. Walter Howell reports that the Goshen and Meadow View schools in Fallsburg township and the Tabor high school are in the honor class, having passed their quota. All of the schools in Hanover, Madison and Fallsburg townships are selling Thrift Stamps and all are selling in Eden and Perry townships, except one school in each township.

Supt. Brown of the Kirtlandville schools is arranging a patriotic meeting to be held in the Kirtlandville high school Friday, April 1 at which time Rev. G. B. Schmitt will give a lecture and show the stereopticon views of French cathedrals destroyed by German shells.

50 PCT. OF PROCEEDS OF BIG PICTURE GO TO CAMP SHERMAN

Two capacity-audiences crowded the Auditorium theater, Tuesday evening, to see the picture in the making in the motion picture, "The Re-Making of a Nation," which depicts life at Camp Sherman.

Lieut. Frank X. Cull of Camp Sherman, speaks with the pictures describing the various scenes, and two excellent addresses were given by Capt. Chas. Montgomery of this city, who is also located at the camp.

The proceeds of the picture are nearly entirely assigned to a patriotic cause. The local chapter of the Red Cross will receive 25 per cent; the Auditorium theater, 25 per cent; and 50 per cent is turned over to the Camp Sherman fund.

CONTINUE TO REPULSE ATTACKS OF THE ENEMY ALONG THE BATTLE FRONT

(Continued from Page 1)
A large fire was observed in the railway station at Chauny. German cantonnements in the region of Roye were bombarded with many projectiles and attacked with machine guns from a low elevation. French pursuit planes were engaged in many fights in the course of which eight German airplanes were brought down. Two others were put out of action.

FOOD FOR SWITZERLAND

(Associated Press Telegram)
Washington, April 3.—In endeavoring to protect neutral European Germany against submarine warfare, the United States is preparing to go even further than its original promises to keep Switzerland supplied with food, and if necessary will allow that country to take grain through France.

The grain supplied from France would be replaced by the United States. Switzerland has failed to get Germany's consent for grain to be laden at Certe for transfer to her needy population. The grain is ready and ships have been provided.

In view of the needs of the Swiss and of the attitude of Germany the United States will try to carry out the pact by other means. The German attitude has delayed the program of shipments to Switzerland by approximately 90,000 tons.

Desperate attempts to prevent commercial agreements of any kind between the United States and European neutrals are being made by Germany, according to information received here.

The efforts have even gone so far as the sinking of Spanish steamers carrying grain to Spain and it has been reported in cable dispatches that submarines have been placed around Spanish harbors. It is thought here the same policy was pursued with Holland and it is believed threats have been made against the Scandinavian countries.

FUNERAL OF LEO FALLON TO BE HELD THURSDAY MORNING

The remains of Leo Fallon, who died in Parkersburg, W. Va., Monday night, arrived in Newark Tuesday evening, and will be held Thursday morning at 9 o'clock at St. Francis de Sales church, and interment will take place in Mt. Calvary cemetery.

The Parkersburg (W. Va.) News of April 2, says:

"Last evening at 6:15 o'clock occurred the death of Leo Fallon, a young man of Newark, O., who came here last Wednesday to enlist in the navy. Mr. Fallon was not physically able to join the army, and being anxious to serve his country he decided to come here and take the examination for shipbuilder in the navy. Upon arrival here he was suffering from a heavy cold, contracted while coming here, and he remained in his hotel for several days attended by a local physician. Sunday he was removed to the home of his cousins—the Misses Barrett, East Seventh street—and his family notified of his illness. His parents and two brothers—Edward of Camp Sherman, Chillicothe, O., and John of Mable, O.—were at his bedside at the time of his death. His remains will be taken to his home in Newark this afternoon, where the funeral will be held Thursday morning. Mr. Fallon was a member of the Knights of Columbus, and this organization will have charge of the funeral. The news of the death of this bright and energetic young man will be received with the deepest sorrow in his home-town."

FRENCH BRINGING UP REINFORCEMENTS

(Associated Press Telegram)
Washington, April 3.—An indication that heavy French reinforcements are being brought up rapidly to the point on the western front where the Germans appear to have concentrated their strength efforts to break through is carried in information received at the British war mission today from British headquarters in France. The French forces, it was said, have extended their line to the north of the Luce river. This enabled the British to shorten their own line and to concentrate their forces.

SUSPEND ISSUE CASUALTY LIST

(Associated Press Telegram)
Washington, April 3.—Major General March, acting chief of staff today directed that issue of the daily casualty list here be suspended pending definite interpretation from Secretary Baker as to whether it is forbidden by his new order proving that Gen. Pershing's headquarters shall issue all news relating to the troops in France.

Officials here see no reason why publication of casualties through the war department should not be continued as formerly.

It was pointed out that casualty lists from the forces now being amalgamated with the French and British armies at the battle front necessarily will be slow in arriving.

The war department had not received today any amplification of Secretary Baker's terse direction that hereafter all information regarding American forces in France be given out through American headquarters there. It is assumed that for some time at least the only news of the operations of American troops with the British and French armies will come through British and French official statements.

Presumably in view of the new order General Pershing will begin issuing without delay the formal daily statements, covering the operations of his own men.

AGAIN BOMBARD PARIS.

(Associated Press Telegram)
Paris, April 3.—The Germans again began to bombard Paris at 9:50 o'clock this morning.

NEW COLUMBIA RECORDS.

Samuel Ash has sung "Bluebird" for Columbia. He has made a fine record of the song, singing the final note with a brilliancy that shows his fine voice at its best. On the other side, Von Hiltz's "Greener is a Lone Long Time" is recorded by George Wilson, tenor, with a sympathy which brings out its full meaning and melody. "American Thru and Thru" has the title and the big idea, and Frederick Wheeler has made a Columbia record in which he sings the song with a fine accompaniment. It is a song of a soldier boy in which "all trenches were turned into gardens again," sung by Charles Harrison, tenor.

The Marconi Brothers, of Hippodrome and vaudeville fame, have turned loose their solo-acrobatics on a medley of the most popular war songs with excellent results. The two records which they have just made for Columbia include "Good-bye Broadway," "Hello France," "I Don't Want to Get Well," "It's a Long Way to Berlin," "Over There," and "When the Tanks Come Marching Home," and they get effects out of their thoroughly mastered instruments that would arouse the envy of many a band.

As an example of what the corporation can do with the delicate voices of an old favorite, Columbia is showing a new record of "Pretty Peggy" made by Vincent Lopez, the concert virtuoso, on the other side, Mr. Bono and Harry Brissett in a cornet duet present Serbelloni's "La Colombine" with orchestral accompaniment.

Handy's Orchestra of Memphis has recently furnished two exceptionally good jazz dance records for Columbia. The first of these is the "Fuzzy Wuzzy Bug," a one-step that gets them all up and dancing. The second is a dashing fox-trot, "The Snake Blues."

Two new dance records by Prince's Band are being issued by Columbia. "I'm a Jazz Dance," introducing "In Old Japan," and "Almost Home," and "One Look One Word" introducing the "Crazy Song from Danbury Rose." Both are infectious one-steps, produced under the supervision of G. Heppner Wilson.

NEW OFFICERS OF NEWARK LODGE, NO. 391, B. P. O. E., WHO WILL SERVE DURING THE YEAR

HARRY D. HALE, Exalted Ruler.

MANDEL BRASHEAR, Esteemed Leading Knight.

GUS WEIGAND, Esteemed Loyal Knight.

JAS. M. SCHALLER, Esteemed Lecturing Knight.

Newark Lodge of Elks held their annual installation of officers last evening, the lodge-room being crowded to witness the ceremonies, which were in charge of Past Exalted Ruler Frank S. Neighbor, chief installing officer, assisted by Jas. R. Cooper, J. P. Cherry, Eugene Koos and Fletcher S. Scott.

Following were the officers installed, all of whom will serve for the ensuing year: Exalted ruler, Harry D. Hale; esteemed leading knight, Mandel Brashear; esteemed loyal knight, Gus Weigand; esteemed lecturing knight, Jas. M. Schaller; tyler, Chas. Allen; secretary, R. L. Rhodes; treasurer, W. W. Gard; trustee, F. S. Scott.

The ritualistic work was most impressive, Grand Exalted Ruler Frank S. Neighbor acquitting himself most admirably in obligating the new officers and explaining the functions of their various stations.

Exalted Ruler Harry D. Hale, after a short address to the members, then announced the following appointments: Esquire, Jas. R. Cooper;

chaplain, George Crissman; chapter, Trevor Davies; organist, Howard Keller; house committee-men, Smith Redman, Clem Cole and Homer Jones; entertainment committee, F. S. Scott, Nelson Metz, J. B. Dickinson; visiting committee, W. B. Wingerter, H. H. Schaeck, Warren Brown; minstrel committee, Jas. R. Cooper, R. L. Rhodes, Homer Jones, Wm. Koblenz, W. W. Gard, Gus Weigand, R. J. Vaughn, W. E. Fowler; memorial committee, J. F. Ankele, Mandel Brashear, Geo. Graser; auditing committee, Fred Wilson.

At the conclusion of the business session a social session was enjoyed, a buffet luncheon being served by the club steward, Col. Billy Hohl, assisted by his brother Johnny.

Thursday evening a fish-fry will be enjoyed by those participating in the late nineties and old-sledge tournaments. An order of toe shad and snells has been received from Baltimore and will be served at 7 o'clock in the banquet-room of the new dancing emporium.

CZERNIN LIES," SAYS FRENCHMAN.

(Associated Press Telegram)
Paris, April 3.—"Czernin lied." This is all Premier Clemenceau had to say when told today of the statement of Count Czernin that he had inquired through an intermediary whether Austria-Hungary was ready to negotiate and if so on what basis. The premier departed from Paris for the front this morning and learned of Count Czernin's speech on his arrival there.

CONCORD.

The usual amount of moving is being done this spring. Thomas Ewing moved on the Blake farm. Austin Kasson on the Jamison farm. Charles Wright on the Enoch Jones farm, and John Prather on the Charles Foster farm. Harry McMillen has moved into his new home recently purchased of A. P. Butt.

Mrs. Royal Bruce spent several days last week with her daughter Mrs. Harry McMillen.

Mr. and Mrs. John Green of Johnson visited at the Fred Emerson home Wednesday.

Miss Nannie Blake was called to Jersey, Saturday, by the serious illness of her friend, Mrs. Attie Irwin.

Several from Concord attended the funeral of Mrs. Mary Flowers at Evansville, Friday.

Miss Manda Emerson of Johnson spent the week end with friends at Concord.

Mrs. Isabel Baldwin and Mr. John Glynn are numbered among the sick this week.

Mrs. Eliza Huff who has been spending the winter with her son near Jersey returned to her home at Concord, Sunday.

Several from Concord attended the all-day service at Harmony, Sunday.

NEW BETHEL

Sunday, March 21st being the thirty-second birthday of Mr. Elza Deholt, twenty-one of his relatives gathered at his home and had Easter dinner.

Rev. and Mrs. Marshall Grey spent Easter with Mr. and Mrs. D. S. Davis.

Mrs. Rose Clark spent Easter with her brother, Burton Edwards and family.

Howard Sanford and family spent Easter with his parents, Charles Sanford of Johnson.

Mrs. Letha Murphy and daughter Nellie, Elizabeth, spent Friday with Mrs. Fred Glaze.

Miss Lulu Couse spent several days last week with Mrs. Orva Edwards.

CAMP SHERMAN NOTES

Camp Sherman, Chillicothe, Ohio, April 3.—Marching with bayonets fixed, although not carrying full packs, all members of the Eighty Third division here paraded in impressive review today in honor of the return of Major General E. F. Glenn to the command of the division. The general found an elaborate reception awaiting him upon his arrival from Washington.

General Glenn returned to his

command after several months spent at the battle fronts in Europe. He was successful in passing the physical requirements for field and general officers in Europe and the Ohio and western Pennsylvania selects will therefore probably go to France under his leadership.

Prior to the review, Brigadier General W. A. Holbrook formally relinquished command of the division to General Glenn.

Preparatory to getting the organization here started on its final lap of training for service "over there," a report has been made of all officers and men physically unfit for service in France. While the report is not yet available, it is understood by some officers that such selects who are found unfit will be quickly eliminated from their units and assigned to other organizations which are scheduled for immediate overseas service.

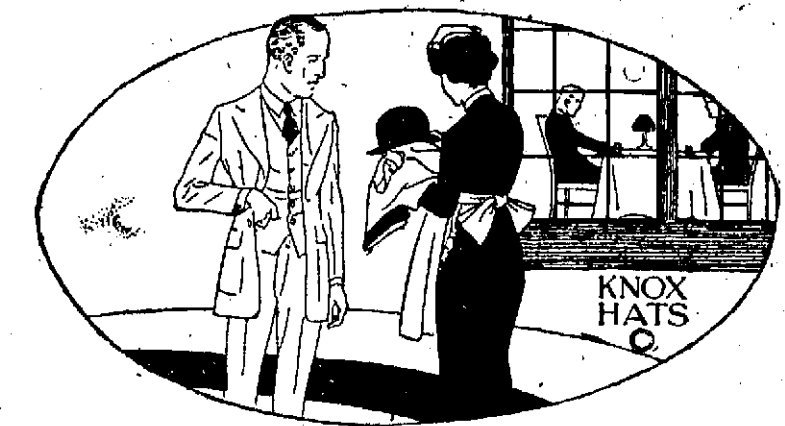

No immediate changes are planned in the heads of various auxiliary organizations here according to an announcement today. Featherweight Champion Johnny Kilbane will retain active supervision of boxing in the division and will not be transferred to Camp Custer, as had been reported. In addition to his work here, however, he will have charge of installing the Camp Sherman boxing system into all of the national army camps of the country. Arrangements have been completed for him to go to Camp Custer and Grant to initiate the scheme. Camp Sherman is reported to be the only camp in the country where every man has been taught boxing.

Major L. I. Mason, formerly a Connecticut physician, has assumed command of the base hospital here, Vice Lieutenant Colonel E. G. Huber, who is said to be slated for command of a hospital unit soon to be sent overseas.

Rev. Ira G. McCormick, formerly Methodist student pastor at Ohio State and Miami Universities, left today to assume general charge of all Y. M. C. A. work at Camp Funston, Kans., where there are approximately 50,000 men in training.

With the arrival of more than 7,000 men since last Friday, the camp today began to assume its normal appearance. Figures given out at division headquarters today showed that there are 951 officers and 15,933 men actually in the Eighty Third division and 471 officers and 14,260 men in camp, but not actually a part of the division.

"SAY DOCTOR, THIS PRESCRIPTION WORKS LIKE MAGIC"—PHYSICIAN EXPLAINS WHY NUXATED IRON

Quickly Puts Astonishing Youthful Power Into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-down Women

Ask the first hundred strong, healthy looking people you meet to what they owe their strength and energy and see how many reply "Nuxated Iron."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.) of New York and the Westchester County Hospital says: "Thousands of nervous run-down, anemic people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood, put roses in the cheeks of women and give men increased strength and energy."

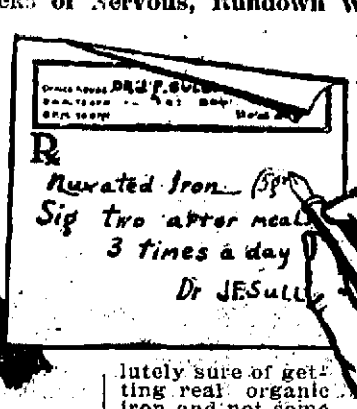

Unlike the other forms of iron, Nuxated Iron does not injure the teeth nor upset the stomach, but is readily assimilated and you can quickly recognize its action by a renewed feeling of buoyant health.

No matter what other iron remedies you have used without success if you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. To be absolutely sure of getting real organic iron and not some form of the metallic variety always ask for Nuxated Iron in its original packaging.

Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks time in many instances.

NOTE—Nuxated Iron is recommended above by Dr. Sullivan can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is distributed in this city by Wm. A. Erman, Evans' Cut Rate Drug Store and all good druggists.

AUDITORIUM. How to Learn to Talk Properly. Something new has been discovered for young ladies. Not by a noted scientist or a dignified college professor, but by a pretty little actress, and it has taken Julia Cobb, who plays Love in "Experience" to discover that women do not know how to talk—that is not properly. Miss Cobb is known as the wandering story teller and last year was at the University of Wisconsin, teaching the students how to talk, and she has spoken in many of the schools throughout the country.

You may have the most interesting theories in the world or the most delightful stories to communicate, but if you deliver these in a droning, stupid, uninteresting way, much of the effect of what you want to say is lost. Have not you ever heard a professor talk in a monotone that made you want to curl up and go to sleep?

I have been always very interested in talking to children, and I know the human voice is a very wonderful instrument, and can move children and grown people if it is used in the proper way. Women should take more care about talking. You know if you have no taste, a modiste may select your gown for you, but you must perform, speak for yourself. A quiet, well placed, and well controlled voice, overcomes with its charm, the bad impression made by shabby clothes and surroundings. It is an index of your

thing if it were true, for Cavalieri is, in spite of all the tragic and romantic episodes of her eventful life, simple and kind at heart. Julia used to sing at her work and play. Inheriting the habit from her beautiful mother who possessed a charming, although untuned voice. One day she attracted the attention of a maestro—conductor of a small music hall. As her father had died, leaving his little family penniless, Julia was glad to accept the maestro's offer of a position with a very small remuneration. They paid her about sixty cents a performance, which at the time she thought too much, but refrained from protesting for her mother's sake.

For nine or ten years she worked from a rival music hall at a dollar a night and from then on step by step, she rose until she became a favorite at the Roman "Eden" near the Ponte Garibaldi. Here she was paid the princely sum of \$20 a week.

At last Lina, la bella, drifted to Paris, the Mecca of all music hall singers where she soon became a celebrity, getting 10,000 francs (about \$2000) a month at the Folies Bergere. Not yet satisfied, she went on a tour of Europe, visiting the course of which she met Tetrazini and the tenor Marconi who told her that she ought to study for the opera.

For nine months or so she worked under the tuition of Mariani, making her operatic debut at Naples in "La Boheme." From there she toured all of

time he will meet A. Thomas. This match should attract large crowds for at their last meeting there sure was much excitement and this time it is said Thomas is going to try his best to win our local champion.

ALHAMBRA. Tonight and Tomorrow. "His Royal Highness" is the title of the new World-Picture Brady-Made.

Carlisle Blackwell and Evelyn Greeley are the stars of this fascinating production. Their roles are exceedingly congenial and intensely interesting. Mr. Blackwell appears as Jack Christie, a red-blooded American youth. Miss Greeley is seen as the Princess Diana, of Terrestria, while traveling in cognito in America, meets Jack. Strange circumstances bring them together again in Europe where Jack is temporarily substituting for a friend as king of the little country of Wallara. Their meeting is followed by many exciting, interesting, entertaining incidents. You'll like "His Royal Highness." See it Thursday and Friday at the Alhambra theatre.

Sunday. Mary Miles Minter, the screen's most popular ingenue, cast as Sylvia Grant in the latest American-Mutual production, "Powers That Prey," is given a peculiarly happy role. Miss Minter has been seen usually in such characterizations as were designed to emphasize the laughing, happy girlish habit of the star, and there have been few instances in which she has appeared under circumstances demanding that she take the initiative in important events. In "The Powers That Prey," Miss Minter is cast as the daughter of a newspaper editor, beset by "Powers That Prey." She assumes control of the paper in her father's absence and throws the boots into his traducers until they scream for mercy. Miss Minter plays Sylvia Grant with thoroughly convincing power. She is at home in the part.

Great Program at the Alhambra. The Alhambra theatre has a great program booked, such as tonight. Popular Carlisle Blackwell and Evelyn Greeley in "His Royal Highness," and a Harold Lloyd two reel comedy, "Love, Laugh and Father," a splendid entertainment. Friday and Saturday the great favorite, Edith Storey, in "The Eyes of Mystery." Added, Tolly Moran and Charles Murray in a reel Mack-Sennett comedy, "His Better Half," and a Harold Lloyd comedy, "The Powers That Prey." Added, "Mutt and Jeff" cartoon, in "Hair Raising"—a guaranteed Bud Fisher cartoon. Also James Montague's Flag comedy, "Matinee Girl." Our orchestra in a specially arranged musical program.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

bringing up and of your refinement. I have never been able to understand why people will spend enormous sums of money for education and then neglect their speaking voices. In no way is environment so accurately measured as the effect it has on the speaking voice. And I think young girls in particular, should devote time to the cultivation of their voice, because in after years, a well cultivated voice will mean untold happiness for its possessor.

Miss Cobb will be seen in "Experience" at the Auditorium next week on Wednesday and Thursday, April 10-11. Mail orders are now being received.

Francis Carpenter in Play. Mothering children was something new to Miss Jewel Carmen when she began making her latest William Fox photoplay, "The Girl with the Champagne Eyes." However, she felt quite satisfied when the mothering was over because she and the children became fast friends. Particularly was this true of Francis Carpenter, the redoubtable Jack of "Jack and the Beanstalk" and Aladdin of "Aladdin and the Wonderful Lamp." In this story Miss Carmen, as Nellie Proctor, begins as a pickpocket. Remorse and love change her and after many hard experiences she rises to a nobler life. Miss Carmen gives a stirring portrayal of the sorrows and joys of this girl. "The Girl with the Champagne Eyes" will be shown at the Auditorium theatre next Sunday. A two reel comedy is also promised.

Lina Cavalieri's Romantic Life Story. Born in Rome, Italy, Lina Cavalieri, for several years of her childhood romped among the barefooted peasant children of that city of played along his historic Vias. Her parents were humble Italians, poor but industrious and her earliest memories are of a flower-filled cottage where her mother used to sing at her work and her father would come home with his hands filled with goodies for "the lambina." It is not true that Lina Cavalieri sold flowers in the Piazza Colonna, for there was no need with a stalwart father to stand off the wolf from the door. Not that she would mind admit-

THIRD LIBERTY LOAN.

"What has the Liberty loan to do with the refrigeration business?" was asked by a subscriber in the fastnesses of the Rocky Mountains of the editor of the Refrigeration World. The answer was sound and patriotic:

"At this critical time the success or failure of the impending loan have more to do with refrigeration than even the machinery and chemicals used in producing refrigeration. If the loan fails, everything else will fall with it. All business will eventually be prostrated; nothing could thrive."

It is the business of every business and business man in the United States to see that the Liberty loan does not fail. They should buy Liberty bonds; they should encourage and assist others to buy them. No business in the United States is going to succeed if the Liberty loan fails—if the nation fails. The people of Licking county are asked to take \$977,050 of the next issue of Liberty bonds, starting April 6.

It is better business to buy Liberty bonds than to pay indemnities to a victorious Germany; it is better business to win this war than to have our foreign commerce subject to the dictation of the Potsdam government.

The welfare, the success, the prosperity, the liberty, and the happiness of every true American is bound up in the nation's success. We are not fighting alone for material interest, for annexations or indemnities. We are fighting for freedom and justice and humanity and civilization. But we are also fighting for the maintenance of our commercial rights, for the rights of our citizens to pursue their lawful journeys on the seas and transport their commerce to foreign markets.

It is patriotic, and a duty, to buy Liberty bonds. It is also good business to do it. The Liberty loan and War Savings stamps are in the same class. All the money goes into Uncle Sam's war-chest. He guarantees the payment of both. War Savings stamps are Baby Liberty bonds. Buy bonds and buy W. S. S., too. They must be bought in order to win the war.

PATRIOTIC MEETING.

An open patriotic meeting will be held Friday evening, April 5, under the auspices of the Licking County Democratic club, at its rooms, 32 1-2 South Third street, beginning at 8:30 o'clock, standard.

A male quartet will furnish music for the evening. The speaking program will be opened by Chairman O. C. Larson on "Lafayette," followed by James R. Fitzgibbon, Edward Kibler, Jr., M. R. Scott, Phil B. Smythe, W. H. Hickman and J. A. Flory, on the topics: "The Patriotism of Lincoln," "Patriotism of Wilson," "Liberty Bonds," "War Stamps" and "War-Chest."

SEED-CORN TESTING.

Mr. Licking County Farmer, for the last time, have you tested your seed-corn? Fear that May and June may find an unusually large number of cornfields with insufficient plants for satisfactory yields has prompted specialists of the United States department of agriculture to make a final appeal for seed-testing. The appeal is directed particularly to farmers in the corn-belt proper who rarely before have experienced serious seed-corn troubles.

Much seed that germinated satisfactorily last December is now dead, or almost dead, the federal specialists say, though to the eye it may still

appear satisfactory. In order to plant varieties that will ripen, it will be necessary for many to plant seed which germinates as low as 60 per cent, but no seed should be planted this year without knowing what proportion of it will grow.

Seed germinating only 60 or 75 per cent should be planted approximately three times as thick as good seed. Uneven stands are likely to result, for weak seed will germinate only where the soil is in good condition and will fail in poorly-drained and cloddy places. Making germination tests of individual ears costs only a trifle, while a poor stand of plants will prove exceedingly costly.

THE GERMAN "SUPERMEN."

A good idea of the obsession that has seized hold of the German people was given the other day in a lecture at Chicago by Prof. W. H. Schofield of Harvard University. He had met and talked intimately with Kaiser Wilhelm. The Kaiser's motto, as expressed to him, was: "Keep the world in doubt and stimulate fear. Keep the nations uneasy and make them afraid, so that Germany may have her will, which is the will of the Almighty."

One of our navy lecturers who has traveled widely brings home the same idea. He quoted a German woman as having said to him: "You have no doubt that it is legitimate for you to eat the flesh and wear the skin of lower animals. Similarly we Germans, being supermen, have the right to make the other races of mankind subject to us and serve our need. We have the right to use your flesh and your hide if need be. It is our duty. You are only men, we are supermen. As we have a higher civilization to impart to the world, it is our duty to impart it by force if necessary."

This idea, held at first only by the philosophers, has sunk to the bottom of the German consciousness. The German people have gone crazy over it. It possesses their souls, and arms them with courage for the battle. There can be no peace in the world while a nation exists with these mad ideas.

Fortunately their military achievements do not indicate any supermanishness. What they got they took by breaking treaties, by military preparation long in advance, and by treacherous lies. When they meet an equal number of Englishmen or Frenchmen on even terms, they never gain an ground. They lose it. It is a fair guess that they will yield ground to an equal number of Americans. Before we quit, they have got to get this lunatic notion out of their heads.

SAVING WASTE MATERIAL.

A campaign to persuade people to save valuable material now thrown away has been started by the National Waste Material Dealers' Association. It is claimed that \$1,000,000,000 can be saved.

The possibilities of this line of work are suggested by what has been done on old paper. Up to a few years ago, this was largely wasted. Then the idea spread that if church and fraternal and charitable societies would collect old papers, they could earn a good deal of money for the causes they were interested in.

This not merely helped those community enterprises to earn secure funds, but it saved an enormous volume of good paper stock. Had it not been for these efforts, the paper price would have gone much higher than it did. The same conservation program can be worked on all forms of old metals, rubber, clothing, and many other products.

The sporting life people will be sitting up an hour later than usual now, on the excuse that the clocks have been set ahead, but the office will open by the clock at the same old sleepy hour in the morning.

You don't hesitate to give a tramp a pair of shoes. Well, why not buy \$4.15 War Savings stamp and get a pair for a Yankee soldier, who is helping to hold the line over there? You'll get \$5 back, too.

Which would you rather do, just break even in your business this year or leave a leg in France? Boost War Savings stamps and save some American soldier from a legless or armless existence.

Raids and bombardments on the west front, where our boys are located, continue to grow in violence. Are your war savings growing in volume?

It won't be possible to convince the Germans that they aren't supermen, but we may be able to make them feel that this supermaning business is almighty hard work.

Buy what you need, but the price of what you don't need put in War Savings and Thrift stamps.

It's more fun to watch your money grow than to watch it go. Buy War Savings stamps.

WHAT SURVEY
OF CITY MEANS
TO COMMUNITY

The members of the city council and city officials, together with a representative body of business men, were afforded the opportunity last evening in the Chamber of Commerce rooms, to listen to one of the best right-from-the-shoulder-common-sense talks on efficiency that has ever been heard in this city. The spokesman was Herbert L. Sands, a field worker for the Municipal Research Association of New York City.

The work this association does is to visit various cities where its services are asked for to sell the city visited what is the matter with it and to afford data, after a careful investigation, which if followed will better conditions generally.

There is nothing flowery in Mr. Sands' talk, in short he gets right down to business in a heart-to-heart way and after you have heard what he has to say, you commence to take an inventory of yourself to see if what he has told you is true, or otherwise. Last evening he just hit the high spots. It wasn't a set speech, but he just counted over conditions existing and left it to the listeners whether or not such conditions existed here. He told in his remarks "I am here to confer regarding the problems which may exist in your city affairs. To tell you that survey methods are the best to get efficiency. It is the method employed by Andrew Carnegie, the Westinghouse company, the Burroughs Adding Machine company, and others to gain the footing in the business world they have gained. A merchant doesn't enlarge his business or start a new branch of enterprise until after he has had a survey made of the general ground over which his business must travel. The same exists with manufactures. Such a man first gets a survey list of things and this enables him to lay out his plans of operation. We have noticed that the United States government is making surveys on coal, wheat, meat, etc., now, and the government wouldn't do such a thing unless its officers deemed it the best way to get at the real foundation of conditions existing. That is the common sense way to reach results. This is being done because Washington has called the practical business men of the country to confer, and these men having made a success of their own business would naturally be expected to apply the same methods in government affairs. As a result, Washington is filled with some of the most competent business men in the United States, who have given up their private affairs to help out the government."

"The city of Pittsburgh did the very thing, so did Buffalo, and Mr. Eastman, president of the Eastman Kodak company, defrayed the expense of the making of the survey because he thought it was a wonderfully essential thing to have done for the city of his residence—Rochester. Mr. Archibald Johnson, president of the Bethlehem Steel company, has recently been elected mayor of Bethlehem, Pa. He had a survey of that city made. Montreal, Canada, has just had its survey completed, and it is pointed out that by means of this survey \$100,000 can be saved next year by applying the efficiency methods. Indianapolis, Columbus, San Francisco, and many other cities have done likewise."

There are two reasons why this survey should be made. First, if the city is well-governed, then everybody in the city should know it, and the fact ought to be driven home to them, so that everybody would be a booster instead of a knocker, and thus does the survey report become a really valuable asset to the city. Second, it affords opportunities to improve the city, and your city officials should know it for that reason.

son, and I have learned this by reason of 16 years' experience in city halls of the country. Then it should be remembered that a man shouldn't keep his eye on election day, but he should do things that efficiently regardless of all else, because any red-blooded man wants to do anything he does well."

Mr. Sands then gave a brief yet detailed idea of how the survey is made, and this proved highly interesting. It gave the listeners the first real knowledge of what is contained in a survey.

Then it should be remembered that a man shouldn't keep his eye on election day, but he should do things that efficiently regardless of all else, because any red-blooded man wants to do anything he does well."

Mr. Sands then gave a brief yet detailed idea of how the survey is made, and this proved highly interesting. It gave the listeners the first real knowledge of what is contained in a survey.

Continuing, he said: "Every town has four main groups and the fact that some cities in which the commission-form of government had had five groups, the fifth one being the school group, is what has caused failure of the plan of the commission-form of government. The real groups are financial, public works, social and the public safety. The school group should be separate and distinct outside the city government. Financial includes taxes; public works, such parts as the water-works, lighting, etc.; social includes public welfare, health, etc. The safety is the police and fire."

"In these days the slogan is preventive, not cure. Cities should strive to prevent disease, fire and crime, and if that is aimed at consistently I will show you a prosperous city in every sense of the word. The organization which I represent has been in the field of labor for 1 years. We won't undertake a survey unless it is the right kind. We have a reputation to sustain, and firstly, let me tell you that unless a survey is complete it doesn't amount to anything and we don't want to be identified with anything haphazard."

This concluded his speech and the balance of the evening was devoted to a round-table discussion, during which time many questions were asked by members of the audience and answered by Mr. Sands.

A committee was appointed to investigate and determine the advisability of making a survey of Newark in conformity to the suggestions of Mr. Sands. Mayor H. A. Atherton, Auditor A. N. Dodd, Councilman Lester Newkirk, and Messrs. J. N. Pugh and W. W. Davis from the Chamber of Commerce.

Our Boys and Girls

There is no better exercise for young girls than skipping, and none, save perhaps dancing, which tends to greater grace of figure and of movement. When, however, childhood is merged into girlhood, the game should be discontinued. Skipping at any time must be properly done and should be suggested to the children who much enjoy excelling in this particular sport.

Two special points should be made, in the first place that the rope is held more or less at right angles to the body and in the second place that the child be particular to come down each time on her toes and with the knees held as loose as possible. She should be taught to stand for a moment with the rope behind her and her arms straight down at her sides before beginning, and should understand that all good skipping must be done with the shoulders well back and the head erect.

This is really important as skipping with the hands and arms forward, as one not unfrequently sees children doing, is as bad as the proper motion is good, for it is distinctly narrowing the chest instead of expanding it.

Milady's Boudoir

Hills of the Hands.

Misshappen, red, scrawny, fat, awkward, nervous, discolored, perspiring or chapped hands are hills which those members of the body are heir to, and not only the cause of old looking hands, but are often the means of destroying one's whole charm.

To correct any of these shortcomings one must study the hands

and find out where the trouble lies. If they are prematurely aged, neglect is most likely the cause. Some claim that old looking hands are an inheritance but I do not believe this. We inherit certain tendencies rather than any unchangeable physical appearance, and most likely one may have inherited the mother's tendency to neglect her hands.

No doubt the hands have been kept clean and the nails properly attended to, but still, I think that premature aging is the result of neglect. The hands should be properly fed, just as should be the body, so that the tissues worn out by frequent and constant use, may be replenished with the rest of the tissues of the body.

Hands suffer much from worry, from want of rest and sleep. You may find it hard to believe this but it is true. While you are traveling on the cars watch the hands of your fellow passengers. You will find most of them flitty, restless, ever moving.

These are worrying hands and are usually thin and shapeless, the veins very prominent and the skin flabby. The quiet hand is fair to look upon. The veins are covered with firm flesh and the skin is free from wrinkles. Worry makes the hand old while serenity makes it slim and youthful.

Swift & Company's 1918 Year Book

It shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.

New Treatment That Knocks Rheumatism

50c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owners wants everybody who suffers from rheumatism or who has a friend so afflicted, to get a free trial. Send for him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment positively overcomes rheumatism, no matter how severe, stubborn, or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 50c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 25c and 50c per box. All druggists.

MAT FANS WILL SEE THRILLS AT WRESTLING BOUT

Alex. Thomas, giant Syrian wrestler, is in the city and is boasting of how he will put Paul Bowser away in fast time at their wrestling bout Thursday evening. The big Syrian is given to boasting however, and those who know best will not take him any too seriously. He tried to throw Bowser once in an hour and didn't come any nearer. In fact he made a good many mistakes in his wrestling, and the local champion on more than one occasion.

The match is going to be enjoyable, of that there can be no doubt. The only trouble will be in keeping Thomas on the stage instead of down in the audience. His rough house tactics are certainly amusing, and also interesting when the spectator is some distance away. At the last match Thomas came very near putting several women out of a box, and he was angry and apologized afterwards, admitting that he lost his head.

Bowser is in the pink of condition and will try his utmost to dispose of the giant wrestler, giving the latter at least thirty-five or forty points. That is some handicap, but the big fellow will need it to keep the local boy from doing all sorts of things with the former. The match will be a good one, and mat fans are predicting all sorts of fun. Be there on time so that you won't miss a minute, as Bowser will do his utmost to make short work of the Syrian.

The preliminaries have all been arranged. "Which" appeared to throw Ralph Lane and Sylvester one fall each in fifteen minutes. Kenneth Teuscher will take on a 95-pound boy from the East End. This will prove a good bout, as Teuscher is one of Bowser's most clever pupils.

For the semi-finals Frank Burns of Flint, Mich., will try conclusions with Ed Conley. This will be well worth while and should help pack the house as Burns is considered one of the fastest wrestlers in central Michigan. Conley will give him a game and it will be fast.

Seats are now selling at the box office of the Auditorium theatre and reservations can be made for tomorrow night by calling on the telephone manager, George M. Fenberg, and he will look after your wants.

at her home, 261 West Church street,
Thursday afternoon at 2:30 o'clock.
All members and friends of the so-
ciety are urged to be present.

Good Samaritan Bible Class.
The Good Samaritan Bible class of
the West Side Church of Christ will
meet on Thursday afternoon at 2
o'clock at the home of Mrs. Canter-
berry, 75 Linden avenue. All mem-
bers are requested to be present.

Assigned to Battleship.
Clarence Walton, who has been
home on a 30-day sick leave, follow-
ing an operation for appendicitis, has
just returned to duty at the Norfolk
naval training school, where he has

and evening service, amounted to
\$120.90.

Knights of Columbus.
There will be a special meeting of
the Knights of Columbus this even-
ing in their quarters, West Main
street, to arrange for the funeral of
Leo Fallon.

Underwent Operation.
Ellsworth Tate, assistant optician
at Haynes Bros., underwent an op-
eration for appendicitis at the City
hospital yesterday, performed by Dr.
U. K. Essington. Mr. Tate was re-
ported as resting very easy today.

Rain Was Needed.
A splendid rain fell last night
which is of untold value to the farm-
ers and gardeners of the country.
Rain was badly needed and a con-
tinual downpour occurred throughout
the night. It was also badly needed
to help swell the cisterns and small
creeks as stock was suffering from
the drying up of the small streams.

Birth Announcement.
Born to Mr. and Mrs. Leroy Fuller
of the Union block, an eight and a
half pound son Tuesday night.

Missionary Society.
The Woman's Home and Foreign
Missionary Society of the Holy Trin-
ity Lutheran church will meet at the
parsonage of the church, 57 Neal
avenue, Thursday afternoon at 2
o'clock.

day morning at 9 o'clock.

Sew for Red Cross.
The ladies of the Woodside church
will meet at the home of Mrs. May
Felt, Woods avenue, Thursday after-
noon at 1 o'clock to sew for the
Red Cross.

Entertain for Bride-to-be.
Mrs. Robert Anderson and Mrs.
Henry Coleman entertained delight-
fully at the home of Mrs. Anderson
in 32 Bremen avenue on Wednes-
day at a miscellaneous shower
honoring Miss Deborah Green, whose
marriage to Mr. John Carlisle of
Zanesville will be solemnized April
15. About thirty-five guests were
entertained during the afternoon and
the house was beautifully decorated
in the Easter colors white and green.
The luncheon carried out the same
color scheme.

Charged with Intoxication.
Mayor Atherton heard the cases of
the three negroes who were drunk
and engaged in a cutting scrape
along the railroad tracks early Tues-
day morning. As there was no fur-
ther enemy among the trio, the cut-
ting charge was dismissed and all
were fined \$5 and costs for drunk-
enness. They were Dempsey Hender-
son of Pittsburgh; Sam Gurley of
Pittsburgh and Henry Johnson of
Richmond, Va.

To Set Data for Clean-Up.
Tomorrow the Board of Public
Service will announce the zones for
clean-up week, and the days on
which the wagons will visit various
parts of the city. The work has been
delayed this week, but will probably
start next week.

Birth Announcement.
Cards have been received an-
nouncing the birth of a daughter,
Arla Idella, to Mr. and Mrs. Alva L.
Russell of Youngstown, on March 30.
Mrs. Russell was formerly Miss
Hazel Smailes.

Old Jewelry for Red Cross.
Fuchs Brothers have a large cut
glass bowl in one of their show win-
dows, North Park place, into which
people are invited to drop discarded
or old pieces of gold and silver. The
material will be sold and the money
turned over to the Red Cross. Chair-
man L. L. Franklin of the local Red
Cross committee indorses the plan.
Fuchs Brothers started with several
contributions to the bowl and now
invite the public to join.

SUNK BY A SUBMARINE.
(ASSOCIATED PRESS TELEGRAM)
An Atlantic Port, April 2.—Offi-
cers of a British freight steamship
which arrived here today said that
two steamships, part of a convoy to
which their ship was attached, were
sunk by German submarines shortly
after leaving a British port. The
freighter sailed on March 20. The
names of the two ships sunk were
not disclosed by the officers.

**GERMAN COURSE
IS DROPPED IN
HIGH SCHOOL**

The regular meeting of the board
of education was held last night at
7:30 o'clock with the following mem-
bers present: Mitchell, Miller, Hatch
and Montgomery. After the reading
of the minutes of the last meeting
by Clerk Ben Montgomery bills were
allowed.

By a unanimous vote of the board
a resolution was passed dropping the
German course from the high school.
A resolution was passed to pur-
chase a second hand automobile for
Prof. Karl Hopp, of the agricultur-
al department, in order that this
department may be placed on a more
efficient basis.

The enumerators for the schools
for the fiscal years were elected as
follows: Mary Avey Andrews, Helen
Ughie, Mrs. Esther Abbott and Mrs.
Mary Miller.

A lengthy discussion on the heat-
ing problem took place but nothing
definitely was accomplished except
that the clerk was advised to see
about changing the heating systems of
the East Main and Mill street
buildings from gas to coal.

**ROB POSTOFFICE
AT BLACK HAND;
STAMPS MISSING**

The local city and county offi-
cials have been notified of the rob-
bery of the Black Hand-Tobacco post-
office some time during Tuesday
night, when a large amount of
stamps were taken from the build-
ing.

The postmaster discovered this
morning that an entrance had been
forced with a cross tie. The burglars
secured between \$40 and \$50 worth
of one, two and three cent stamps, a
quantity of one cent postage due
stamps, also a number of 5 and 10
cent stamps and one and five cent
internal revenue stamps.

Although the railroad telegraph
office was but a few feet away from
the postoffice, no one was noticed
about the building. The front en-
trance was forced, but this was prob-
ably done while a train was passing
to cover the noise.

**NEGROES CAUGHT
ROBBING STAND IN
NORTH PARK PLACE**

George Cosley and Bob Young, col-
ored, were arrested last night by
Capt. Hager, and officers Couch and
Swinehart after several shots had
been fired on the north side of the
square.

They were discovered robbing the
confectionery stand of F. A. Hill in
North Park place and when found
they started to run throwing away a
box of cigars which they had taken.
They were only chased a short dis-
tance, when overtaken. They are also
charged with forcing an entrance into
the basket grocery at the corner of
North Fourth and Church street.
Tuesday night shortly before the Hill
burglary. At the grocery the only
thing taken was 43 cents from the
cash drawer.

**WOMEN'S AUXILIARY
COUNCIL OF DEFENSE**

The Woman's Auxiliary of the
Council of Defense met in Taylor
Hall on Tuesday afternoon at 2:30
o'clock, with Mrs. E. T. Johnson pre-
siding and Mrs. Leland Baxter as
secretary. To the roll call the fol-
lowing delegates responded: Burling-
ton, Miss Hattie Burner; Bowling
Green, Mrs. George Rankin; Etna,
Mrs. Watkins; Eden, Mrs. Samuel
Hamilton; Hanover, Mrs. Teabout;
Licking, Mrs. T. C. Jury; Lima, Mrs.
Ollie Elliott; Mary Ann, Miss Inez
Dudgeon; Monroe, Mrs. Upham;
Perry, Miss Nettie Tullison; Newark,
Miss Mary Hall; Granville, Mrs. Bur-
ton Case.

Granville and Perry townships re-
ported as having carried out in its
entirety the plans of the National
Council of Defense.

Mrs. Case of Granville was asked
to give suggestions as to the work
and talks complimenting the splen-
did organization were made by W. C.
Metz, county Chairman of the Lib-
erty Loan campaign, and Manager
Appleyard of the Chamber of Com-
merce.

Mrs. W. J. Fitzgibbon the wom-
an's chairman of the Liberty Loan
read an address making an appeal
to the women of the county for the
loan of their money. Copies of the
address are to be sent to the county
and township chairmen. Mrs. John-
son asked the women to respond to
the newspaper appeals for war work.

At the close of the meeting gov-
ernment bulletins for windows were
distributed. The county chairmen
who were not present at the meeting
will be able to receive supplies from
Mrs. E. T. Johnson.

Mr. Miller, secretary of the Co-
lumbus Grocers' and Meat Dealers'
Association and state organizer, was
in the city yesterday and in company
with Mr. Ealy and D. C. Metz, pres-
ident of the local association, made
a canvass of part of the city for new
memberships and to renew old ones.
Fifteen memberships were secured
during the afternoon.

At the regular meeting in the
evening a large delegation of grocers
from Columbus were present.
Splendid addresses were made by Mr.
Miller, state organizer; J. M. Bobb,
wholesale grocer, and state president
of the Merchants' and Manufactur-
ers'; and Mr. Jones, salesman, from
Chicago. Would that every grocer
could have heard these men speak
of efficiency of association work,
brotherly love, help to their country
in this war and of beneficence to the
general public.

There was great interest shown
throughout the meeting and much
good must come from such a gather-
ing to the public as well as to the
grocers.

D. C. Metz stated today: "I would
like to correct a mistaken idea that
has pervaded the minds of the pub-
lic in regards to the Grocers and
Meat Dealers' Association. Some
think the association is for the pur-
pose of making prices and to bene-
fit us at the expense of the general
public. This is far from the truth.
The by-laws prohibit anything of the
kind. Prices are minor topics in our
meetings. We aim to make better
conditions in trade and to illumine-
ate abuses; give better service and
most of all, bring the grocers to-
gether to have a better social under-
standing."

Patriotic meeting will be held in
Perryton, Eden township, Thursday
night, April 4. Good speakers and
singers will be there. So everybody
come and hear the message. 4-1-3t*

give valuable information regarding
county organization, calf clubs, etc.
All are invited to be present, espe-
cially farmers and their families.
This entertainment is purely edu-
cational and free to all. Come early.
It is free to all by reason of the
fact that James A. Huston of the Co-
lumbus road, has assumed all the
expenses for its presentation in this
community. Every farmer in the
county ought to see the pictures and
hear Mr. Johnson.
